MEMORANDUM FOR: Phillip Eckmann
Director, ORD

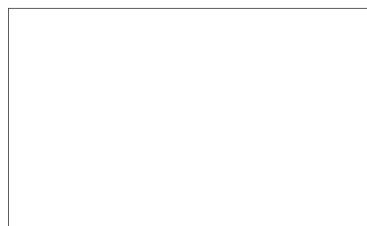

FROM: Chief, Intelligence Producers Council Staff

SUBJECT: [] Production Enhancement Initiative

1. On 27 April 1988, [] of your staff provided me an informal overview of the work accomplished on the [] His accomplishments to date are impressive and I would like to share them with the members of the Intelligence Producers Council (IPC). []

2. I would appreciate it if [] would provide me a written status report on these accomplishments, to include any other pertinent information related to this project. You will recall that my memorandum of 4 March 1988, advising you that this PEI had been approved for funding, noted that status reports on PEI projects are required at six month intervals. I realize, however, this request is in advance of the required reporting period, but I would like to inform the council members of this project's early success, especially since this PEI has high Intelligence Community interest. []

3. If I can be of further assistance on this subject, please let me know. []
